

# W E L C O M E

The African Society of Human Genetics, and the Southern African Society for Human Genetics are very proud to be hosting the ICHG 2021 in Cape Town, which will be held from 7 - 11 March 2021.

This is the first time the International Congress of Human Genetics will be held on the African continent.

The meeting will offer a diverse, relevant and cutting-edge scientific program, numerous educational opportunities for trainees and unprecedented networking opportunities for anyone wishing to understand the current status of genomics and human health.

We invite you to start preparing now for what promises to be an unprecedented combination of science and destination – and look forward to meeting you in Cape Town in 2021!

Prof Raj Ramesar  
Co-Chair: LOC

Prof Charles Rotimi  
Co-Chair LOC

*– on behalf of the Executive Committees of the African and Southern African Societies of Human Genetics.*
